

ABDULLAH

ABOUT

I am a Software Engineer with experience in web development. I am also a Business Development Assistant and have worked as a Tour Guide & Host. I am passionate about technology, communication, and delivering effective solutions through teamwork and problem-solving.

EXPERIENCE

Web Developer

2023 - 2026

RETINA MEDICAL & DENTAL ADMISSION COACHING

I have experience working as a Software Engineer, developing web applications using modern technologies like JavaScript, React, Node.js, and MongoDB. I also worked as a Business Development Assistant at Retina Medical & Dental Admission Coaching, where I supported communication, coordination, and business growth activities.

Tourism & Hospitality

2020 - 2023

ADVENTURE MADNESS

I have three years of experience working as a Tour Guide & Host at Adventure Madness, where I managed tours, guided groups, and ensured smooth travel experiences. I was responsible for customer service, tour coordination, and maintaining safety and satisfaction throughout the trips.
