### CORE STACK

React Node.js Laravel MongoDB

### ABOUT

As a passionate and motivated **Software Developer** who worked at **RETINA** (15 May 2023 – 31 October 2025), I gained valuable hands-on experience in developing high-quality, user-friendly, and scalable web applications. Over the past two years, I enhanced my technical expertise and teamwork skills by contributing to real-world projects in a collaborative IT environment, especially LMS and ERP systems. I also served as a **Business Development Assistant** and previously worked as a **Tour Guide & Host**, which strengthened my communication, coordination, and customer-focused approach.

### PROFESSIONAL EXPERIENCE

- 1

**Web Developer — RETINA Medical & Dental Admission Coaching** **15 MAY 2023 – 31 OCT 2025**

Experience working as a Software Engineer, developing web applications using JavaScript, React, Node.js, and MongoDB. Also served as Business Development Assistant, supporting communication, coordination, and business growth activities.
- 2

**Tourism & Hospitality — Adventure Madness** **2020 – 2023 · PART-TIME**

Part-time Tour Guide & Host for three years: managed tours, guided groups, and ensured smooth travel experiences. Responsible for customer service, tour coordination, and maintaining safety and satisfaction throughout trips.

### COMPLETED PROJECTS

- 1

**ScanzbyBD** **React · Node.js · MongoDB**

Smart vehicle identification platform with QR-based tags, vehicle and owner information management, and quick lookup for registration and emergency contact details.
- 2

**Turf Management System** **MERN Stack**

Web application for turf ground booking, slot scheduling, availability tracking, payments, and admin control for facilities and customer reservations.
- 3

**Shopping Complex Management** **React · Node.js · MongoDB**

Management system for shopping complexes with tenant/shop records, billing workflows, inventory oversight, and role-based dashboards for admins and operators.
- 4

**Personal Portfolio** **React · Vercel**

Developer portfolio showcasing projects, skills, experience, and contact details with a responsive, modern UI built for professional presentation.
- 5

**RETINA LMS** **JavaScript · React · Node.js · MongoDB**

Learning management system for RETINA coaching with course content, student enrollment, assessments, progress tracking, and admin tools for academic operations.

### ACHIEVEMENTS & AWARDS

- 🏆 Best Campus Ambassador — Programming Hero
- 🏆 Best Performer — Web Development Seminar (Intra Campus)
- 🏆 Problem Solver — Codeforces, LeetCode, HackerRank
- 🏆 Tour Guide & Host — Hosted international travelers; communication, coordination & customer service
